

EXHIBIT PRODUCTION

What gives an exhibit impact? We think it has everything to do with delivering on your goal – engaging your audience and moving them to action.

Before we ever think in physical or virtual dimensions, we align with your objectives and the mind of your audience to develop a unique strategy designed to create results.

At Impact you'll find seasoned creative thinkers with a passion for identifying innovative solutions, from tradeshow exhibits to complete branded environments.

[Contact](#) Impact to find out how we can partner with you and move your audience to action.

Impact Communications is actively involved in several museum associations. Our VP, Client Services, [Kristy Somerlot](#) is a member of American Alliance of Museums (AAM), Association of Midwest Museums (AMM), Ohio Museums Association (OMA), and Association of Science-Technology Centers (ASTC). Kristy and the Impact team look forward to discussing your multimedia and exhibit production needs as they relate to your business, public space or tradeshow presentations.
